C & C OF HONOLULU

I am highly opposed to Bill 55 and Bill 56. I organized an on-line petition in change.org as follows: Save Our Haleiwa Town: Petition against the change in zoning from Agriculture to Residential and the change in boundary from Rural to Urban as requested in the City Council Bills 55 & 56.

We are OPPOSED to Scott Wallace's request for a zoning change from agricultural to residential and boundary change from rural to URBAN regarding his proposed development of Haleiwa Plantation Village, a housing development and sewage plant on ag land in central Haleiwa - across from the North Shore Marketplace and next to Achui Lane and Kilioe Place. We wish to keep agriculture as agriculture. The undersigned, want to inform the Honolulu City Council that we are against Bills 55 & 56.

Testimony

In 3 short days, the Facebook Petition gathered 352 supporters. Some comments were:
- Note to our legislators. Try a drive to NS on a Sunday afternoon. Then let us know if you think we need more development.

- OH HELL NO!! KEEP COUNTRY, COUNTRY!!

-Hell no!!! These bastards don't know what we deal with...traffic, people walking on the road and tour buses □ That is enough!! Keep da country, COUNTRY!!! But unfortunately all they see is \$\$\$

-No! No! No!

-ugh...Here we f____ go the PARADE OF CLOWNS

-Thai is how it shares.... "Rezoning" 'Ā'ole! We need to keep Mahiai on this 'Āina NOT timeshares And hotels! It's AG land for a reason. Use it the way it was intended to be used

-The north shore is already over populated creating heavy traffic that has increasingly worsened in the last 5 years. Haleiwa town is becoming Waikiki and I believe we dont need any more development until we find a solution to traffic in my home town. I was raised here and its sad to see how crowded it has become, why add even more to this issue?

-Neither the land itself nor the town of Haleiwa can support the development that would result from this change.

-Ag. land and the rural setting in Haleiwa is far more important than any money making project can bring. We have lived this life style and will oppose any changes that will take away our way of life !!!! We have lived with one standard.....".We make do with what we have". The majority of the lifetime residents here are happy with our "simple" life and will defend it when necessary !!!!!

-that is the last thing they need there. sometimes land is better left as land

-We can't eat concrete... Save our AG lands.

-Save our Lo'i Kalo Hasu Artesian Springs

-Land zoned for Ag. should be left and zoned as such. And as a reminder this is the country and will remain as rural so take the "Urban" idea somewhere else. We do not need or want this type of development in our towns of Haleiwa/Waialua !!!!

The BOTTOM LINE is NO ONE in the community has voiced in favor of Bill 55 and Bill 56.
